“Another riding to watch will be Wellington-Halton Hills...”

CBC News, January 29

“Green candidates are making the point that under the Ford government, Ontario is losing farmland at the rate of 300 acres per day. While Doug Ford is running on “Protecting Ontario” many rural voters don’t think he is actually protecting what they value.”

AN EXPERIENCED VOICE FOR WELLINGTON-HALTON HILLS

BRONWYNNE WILTON

WELLINGTON - HALTON HILLS

Dear Neighbour,

Nobody asked for another expensive election—especially not in February. But now that we're here, **let's make it count** for our community.

For the first time in 30 years, Wellington-Halton Hills will have **a new voice** at Queen's Park. As a municipal councillor, business owner and agricultural expert, I've seen firsthand how **Doug Ford's policies are affecting our communities**. While he spends billions on Toronto mega-projects, our hospitals are struggling, housing is unaffordable, and our precious farmland is being paved over.

I've spent my career bringing people together to **solve complex problems**. From protecting farmland to supporting local businesses and community initiatives, I know how to **deliver results that matter**. While others talk about solutions, I've actually implemented them.

I am running to be **your strong, experienced voice** at Queen's Park—someone who understands both rural and urban challenges, and who has the proven skills to get things done while **always putting our community first**.

Together, let's send a clear message that **Wellington-Halton Hills deserves better** than being forgotten by Queen's Park.
